Re: County Treasurer Accepting Debit, Credit Cards and E-Checks

Effective immediately the Lancaster County Treasurer's Office will accept credit and debit cards as well as E-Checks for property taxes. The card holder will be assessed a 2.5% fee on credit and debit cards and a flat fee of \$3.00 for E-Checks.

The following cards are accepted, Visa, Master Card, Discover and American Express.

Presently the County Treasurer's Office is researching all options in an attempt to accept the same payments for motor vehicle registrations and hope to have a solution by late summer. Presently, we can only offer this alternative on payment of property taxes.

"Although we were already accepting these payments online, we now can accept the payments in person at the Treasurer's Office."

"We are committed to providing customer service and convenience to our customers and hope this will be an added option which they may find useful."
